Suramya Pokharel

suramyapokharel7@gmail.com | +977-9860674065

SKILLS

PROGRAMMING LANGUAGES | Python ● Java ● R ● C++

MACHINE LEARNING FRAMEWORKS | Tensorflow ● Pytorch ● scikit-learn

DEEP LEARNING | Neural Network Design ● Natural Language Processing (NLP)● CNNs ● RNNs

COMPUTER VISION | OpenCV ● Object Detection and Recognition ● Image Processing

DATA HANDLING | Numpy ● Pandas ● Matplotlib ● Feature engineering ● Data Cleaning

DATABASE MANAGEMENT | SQL ● MongoDB

SOFTWARE DEVELOPMENT | Version control (Git) ● Agile Methodologies

OTHER TOOLS | Jupyter Notebooks) ● Docker

PROJECTS

PUZZLE FLOW | PRIMARY CODER AND JOINT LEADER
May 2023 – Present | Thapathali Campus, Kathmandu

- Proposed the usage of generative models in the sector of restoring shattered documents and gene assembling.
- Implemented Flow-based generative AI model along with Vision Transformer (ViT) to acquire high accuracy.
- Used Python as the main programming language and Pytorch to implement the said models.

AN ELECTRONIC WATCH DOG | JOINT LEAD FOR SOFTWARE IMPLEMENTATION
Nov 2022 – Mar 2023 | Thapathali Campus, Kathmandu

- Lead the development of face detection system that relied on Haar Cascades to determine the facial area during live video feed.
- Constructed a robust system relying on FaceNet architecture to recognize the detected faces.
- Employed SMTP protocol to send email containing the photos of unrecognized faces to the owner.
- Coded Arduino micro-controller with subsequent code and aided in assembling and soldering the electronic components.

HOSPITAL MANAGEMENT SYSTEM | CLASS PROJECT FOR DATABASE MANAGEMENT SYSTEM
Jun 2022 – Aug 2022 | Thapathali Campus, Kathmandu

- Employed mySQL database system to store data of patients, doctors and other involved faculties of hospital.
- Created back-end functions connecting the database to the hospital website to ensure fast and proper transfer of information.
- Aided the front-end development of website through basic CSS and Django coding.

EDUCATION

THAPATHALI CAMPUS, TRIBHUVAN UNIVERSITY
BACHELORS IN ELECTRONICS, COMMUNICATION AND INFORMATION ENGINEERING
Expected Apr 2024 | IOE, Thapathali, Kathmandu

TRINITY INTERNATIONAL COLLEGE
HIGH SCHOOL DIPLOMA, COMPUTER SCIENCE
Jun 2017 - Dec 2019 | Dillibazar, Kathmandu

COURSEWORK

Data Structures and Algorithms
Data Mining
Artificial Intelligence
Database Management System
Computer Graphics
Digital Signal Analysis and Processing
Operating Systems
Calculus I-IV
Discrete Structure
Object Oriented Software Engineering
Probability and Statistics
